**JD Breast Cancer Foundation  
2011 Extreme Golf Event!  
Monday, June 27, 2011**

**TOP FIVE REASONS TO SUPPORT  
JD BREAST CANCER FOUNDATION!**

- (1) This year, about 5% of new breast cancer diagnoses will be made in women under the age of 40. That percentage represents over 11,000 young women!**
- (2) During 2010, the JD Breast Cancer Foundation was successfully able to provide educational, financial, and referral support to more than 1,000 women going through treatment and their families.***
- (3) Over 200 women received financial support at an average amount of \$450. Financial support was used to assist women undergoing treatment and their families in an emergency for their mortgage, rent, utilities, groceries, and other supportive services.**
- (4) The 2010 Golf-A-Thon successfully brought golfers together to raise more than \$40,000 for the Foundation.***
- (5) Tricia and Julia (5 Year Old Daughter) Client - I want to thank you from the bottom of my heart for your kindness. This past year has been the toughest of my life. I am a single mother of a 5-year old daughter and was devastated to hear that I had breast cancer at 30 years old. Then I was terminated from my job of 7 years while I was out on disability. I am a strong woman & I know I will make it through all of this thanks to agencies such as yours. Your kindness & generosity is appreciated more than you will ever know. God Bless All of You!**
